

Multi Sectoral Development Programme (MSDP) :

Now known as Pradhan Mantri Jana Vikash Karyakaram (PMJVK). In the year 2008-09, Government conceived the Multi-sectoral Development Programme (MsDP), a Centrally Sponsored Scheme. The scheme continued till 31.3.2018. Initially, the MsDP scheme was launched in the 90 Minority Concentrated Districts of the country. To sharpen the focus on the targeted communities, the scheme was restructured during 2013-14 and the unit of planning for implementation was changed to Minority Concentration Blocks (MCB), Minority Concentration Towns (MCT) and Clusters of Minority Concentration Villages (COV). For continuation of implementation of MsDP for the balance period of the 14th Finance Commission period from 2017-18 to 2019-20 an evaluation study of implementation of MsDP and its impact was conducted by Indian Institute of Public Administration (IIPA). The Government also had interactions with all stakeholders, elected representatives, conferences with States/UTs, Progress Panchayats and the general public etc. to assess the impact of the programme. A general consensus emerged for further restructuring of MsDP to increase the area of coverage and identify certain focus areas to benefit the targeted communities and mitigate the problems. The programme has been revised and approved by the Government.

Objective of the Scheme/ Programme:-

The restructured Programme will be implemented as “Pradhan Mantri Jan Vikas Karyakram (PMJVK)” during the remaining period of 14th Finance Commission i.e. up to 2019-20. It will be implemented as a Centrally Sponsored Scheme. The PMJVK will continue to support the projects sanctioned under erstwhile Multi-sectoral Development Programme (MsDP) for completion of the sanctioned and ongoing projects. The PMJVK will continue to be implemented in MCBs, MCTs and COVs. However, certain numbers of population and area coverage have been specified for MCTs and COVs. A new area for implementation of PMJVK has been included namely Minority Concentrated District Headquarters (MCD Hq). The PMJVK has used the selected socio-economic, basic amenities and population data of Census 2011 and have identified MCBs, MCTs and MCD Hqs. COVs will be identified by using the backwardness parameters and population data of Census 2011 in consultation with the State Government/UT administration concerned. The identified areas namely MCBs, MCTs, MCD Hqs and COVs for implementation of PMJVK will be known as Minority Concentrated Areas (MCA).

In Dhubri district 12 nos. of Minority Concentrated Dev. Block (MCBs) has been notified by the Govt. of India, Ministry of Minority Affairs. The name of MCBs are there viz. Gauripur, Golakganj, Agomani, Rupshi, Debitola, Mahamaya, Nayeralaga, Chapar-Salkoca, Bilasipara, Hatidhura, Birsing Jarua & Jamdarhat Dev. Block. Gap-filling projects of existing schemes of various Central ministries/ departments will be considered under PMJVK on their same norms, guidelines and funding pattern. Innovative projects (non-gap filling) which are not covered by any of the existing CSS of different Ministries/ departments may also be taken up. These may include Sadbhav Mandap, Residential School, Smart Class Facility, Hunar Hub, Market Shed etc. In identified MCD Hqs, interventions would include construction of Higher Secondary Schools including KVs and NVKs, Residential Schools, Degree Colleges, Sadbhav Mandaps, Hostels, Health Care Facilities, Working Women Hostels etc.
